23. THE INTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING AREAS UNDER:

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on Saturday, 13.09.2025 at 09:00 a.m. and ends on Monday, 15.09.2025 at 05:00 p.m. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Monday, 09.09.2025 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.
- (iv) Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.
- (v) In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

MANAGEMENT DISCUSSION AND ANALYSIS**Industry structure and developments****Global and Indian IT Industry Overview**

According to the International Data Corporation (IDC) Worldwide Quarterly Personal Computing Device Tracker, the worldwide traditional PC market (desktops, notebooks, and workstations) grew by 3.8% YoY in 2024, reaching 14.4 million units shipped. Notebooks and desktops grew by 4.5% and 1.8% respectively, while workstations recorded the highest growth at 10.9%. The Personal Computing Devices (PCD) market, including PCs and tablets, grew 4.8% in 2024, with global shipments hitting 407.6 million units. IDC forecasts global PC shipments to reach 274 million in 2025, representing a 4.1% YoY increase.

In India, the traditional PC market grew by 2.6% YoY in Q1 2024, shipping 3.07 million units. For the full year, India recorded total shipments of 14.4 million units, driven by strong consumer demand and enterprise procurements:

- Consumer segment grew by 2.6% YoY in 2024, supported by eTailer sales up 21.7% YoY for the year and 29% YoY in Q4.
- Commercial segment grew 5.1% YoY in FY 2024 and 11.1% YoY in Q4, driven by enterprise refresh cycles and government tenders.
- Government and enterprise shipments each grew 10.6% YoY in 2024 due to procurement through GeM (Government e-Marketplace).

The Asia-Pacific PC market (excluding Japan) declined 1.9% in 2024 to 95.5 million units, but IDC expects a rebound in 2025 with projected growth of 4.1%, led by replacement demand and institutional spending.

A major driver of growth has been AI-powered PCs, which IDC highlights as a transformative trend. Next-generation AI PCs are equipped with Neural Processing Units (NPUs) capable of 40+ TOPS, enabling advanced on-device intelligence. Microsoft's Copilot+ PCs initiative, alongside Intel Core Ultra and AMD Ryzen AI processors, is reshaping consumer and enterprise computing demand.

Top 5 Global & Indian PC Vendors (2024)

- HP Inc. retained leadership with a 30.1% share, with government and enterprise shipments growing 14.7% and 14.3% YoY, but consumer shipments fell 7.5%.

VARIMAN GLOBAL ENTERPRISES LIMITED

- Lenovo secured second place with 17.2% share, up 7.3% YoY on strong eTailer and enterprise performance.
- Dell Technologies ranked third at 16.1% share with 8.1% YoY growth, driven by SMB and enterprise refresh demand.
- Acer Group held fourth with 15.1% share and the highest growth at 27.7%, supported by aggressive pricing and strong eTailer expansion.
- Asus stood fifth with 7.0% share, recording a 7.8% YoY decline due to inventory adjustments but achieved 18.4% YoY growth in the commercial segment.

Premium notebook shipments (>USD 1,000) grew 13.8% YoY in 2024, while gaming notebook demand recorded double-digit growth, fuelled by AI-ready processors and consumer interest in high-performance systems. IDC also highlights the rise of DSPM (Data Security Posture Management) as a key cybersecurity category, focused on securing sensitive enterprise data across hybrid environments.

IDC Outlook for 2025

IDC projects worldwide PC shipments to reach 274 million units in 2025, up 4.1% YoY. India's PC market is expected to see low single-digit growth, driven by replacement demand, enterprise refresh cycles, and continued government procurement. However, pricing pressures and macroeconomic uncertainties could moderate growth.

Opportunities and Threats:

Variman Global Enterprises Limited continues to leverage its diversified business portfolio, spanning IT infrastructure solutions, hardware distribution, retail, software development, and FMCG, to strengthen its market presence, particularly in Telangana. The growing demand for digital transformation and the company's strong distribution network present significant opportunities for future expansion and revenue growth, while challenges such as low profitability, modest returns on capital, intense competition from larger players, and earnings volatility remain. Strategic focus on improving margins, expanding geographically, and enhancing operational efficiencies will be critical for sustaining long-term growth and creating value for stakeholders.

Variman Global Enterprises Limited Performance

Segment-wise or product-wise performance

Variman Global Enterprises Limited (VGEL), a leading IT infrastructure solutions provider in Telangana, reported total revenue of ₹ 108.62 crore in FY 2024–25 compared to ₹ 113.33 crore in FY 2023–24, representing a decline of

4.1% YoY. Net profit after minority interest stood at " 0.61 crore, down from " 1.13 crore in the previous year. Despite pressures on profitability, the company remains focused on expanding its footprint across Andhra Pradesh, Maharashtra, and Tamil Nadu, while aggressively targeting government, defence, and PSU digital transformation contracts.

Outlook

Management remains cautiously optimistic for FY 2025–26, expecting revenue growth supported by government IT spending, enterprise refresh orders, and stronger traction in managed services

Risks and concerns

Key risks include heightened market competition, rapid technology changes, reliance on non-operating income, supply chain vulnerabilities, cybersecurity threats, and regulatory compliance requirements. The company continues to implement robust risk mitigation strategies.

Internal control systems and their adequacy

The system of internal control has been established to provide reasonable assurance of safeguarding assets and maintenance of proper Accounting Records and its accuracy. The business risks and its control procedures are reviewed frequently. Systems audit is also conducted regularly to review the systems with respect to Security and its Adequacy. Reports are prepared and circulated to Senior Management and action taken to strengthen controls where necessary.

VARIMAN GLOBAL ENTERPRISES LIMITED

INDEPENDENT AUDITOR'S REPORT

To

The Members of,

VARIMAN GLOBAL ENTERPRISES LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of VARIMAN GLOBAL ENTERPRISES LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March, 2025, the Statement of Profit and Loss, including Other Comprehensive Income, Statement of Changes in Equity Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information (hereinafter referred to as the "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31st, 2025, the loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us and with the consideration of the report of the branch auditor referred to in the "Other Matters" section below is sufficient and appropriate to provide a basis for our opinion.

VARIMAN GLOBAL ENTERPRISES LIMITED

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements for the year ended March 31, 2025. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. No	Key Audit Matters	How the Key Audit Matter was addressed in our audit
1.	Revenue Recognition:	Our audit procedures in respect of this area included:
	<p>Refer to the disclosures related to Revenue Recognition in Note 2.12 to the Financial Statements.</p> <p>The Company engaged in the business of providing solutions through software development, IT Infrastructure solutions and distributing IT Hardware</p> <p>Considering the nature of business in which Company operates, there is complexity of the IT systems, significance of volumes of data processed by the IT systems, the impact of changing pricing models and inherent risk in relation to accuracy and completeness of revenue recognition.</p> <p>Hence due to the above complexities, significant volume of data processed through operations in a highly competitive marketplace coupled with the impact of changing pricing models, we have considered this as a key audit matter.</p>	<ol style="list-style-type: none"> 1. Assessed the Company's revenue recognition accounting policies are in compliance with Ind AS115 - Revenue from Contracts with Customers (IndAS 115). 2. Understood and evaluated the integrity of the general information and technology control environment and performed tests on mitigating manual controls as applicable. 3. Tested the design, implementation and operating effectiveness of relevant controls in respect of revenue recognition and measurement. 4. Performed substantive testing on test check basis and verified supporting documentation for revenue transactions recorded during the year which included sales invoices, customer contracts and bank statements; apart from that performed analytical procedures. 5. Evaluated contracts (on a test check basis) including management discussion with an objective to ascertain whether the same are onerous in nature. 6. Tested inter se reconciliations between relevant IT systems reports with general ledger, and performed verification of revenue recognized, deferred and unbilled revenue. 7. Assessed disclosures in the Financial Statements in respect of revenue, as specified in IndAS 115.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to communicate the matter to those charged with governance under SA 720 'The Auditor's responsibilities Relating to Other Information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern

and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We are also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are

required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

VARIMAN GLOBAL ENTERPRISES LIMITED

2. As required by Section 143 (3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit & Auditors) Rules, 2014 as amended.
 - c) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2(i)(vi) below on reporting under Rule 11(g) of the Companies (Audit & Auditors) Rules, 2014 as amended.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31st March 2025 taken on record by the Board of Directors, none of the directors are disqualified as on 31st March 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure B”.
 - g) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements to the financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. A) The management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign

Annexure B To Independent Auditors' Report of even date on the Standalone Financial Statements of **VARIMAN GLOBAL ENTERPRISES LIMITED** for the Year Ended March 31, 2025

[Referred to in Paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the members Variman Global Enterprises Limited on the financial statements for the year ended March 31, 2025]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s VARIMAN GLOBAL ENTERPRISES LIMITED ("the Company") as of 31st March 2025 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Opinion

In our opinion, the Company, including its branch has, in all material respects, an adequate internal financial control with reference to Financial Statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note").

Managements and Board of Director's Responsibility for Internal Financial Controls

The Company's management and Board of Director's is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of un-authorized acquisition, use, or disposition of the

VARIMAN GLOBAL ENTERPRISES LIMITED

company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

VARIMAN GLOBAL ENTERPRISES LIMITED

Notes forming part of the Standalone Financial Statements for the year ended March 31, 2025

(All amounts are in INR Lakhs, except for share data and where otherwise stated)

1. Corporate Information:

“VARIMAN GLOBAL ENTERPRISES LIMITED” is engaged in the business of providing solutions through software development, IT Infrastructure solutions and distributing IT Hardware to clients and partners through aggressive market development and continuous improvement through agility. It is public company domiciled in India and incorporated under the provisions of Companies Act, 1956 applicable in India and it was incorporated in the year 1993 having its Registered office at 1-2-217/10, 3rd & 4th Floor Gagan Mahal, Domalguda Hyderabad 500029. The shares of the company are listed in the Bombay Stock Exchange.

2. Material accounting policies

Material accounting policies adopted by the company are as under:

2.1 Basis for Preparation of Financial Statements:

a) Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of the Companies Act, 2013 as amended from time to time.

Accounting policies have been consistently applied to all the years presented except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy hitherto in use. These financial statements have been prepared for the Company as a going concern on the basis of relevant Ind AS that are effective at the Company's annual reporting date March 31, 2025.

The Ind AS financial statements were approved by the Board of Directors of the Company on May 30, 2025.

b) Basis of measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except for the following material items that have been measured at fair value as required by relevant Ind AS: -

VARIMAN GLOBAL ENTERPRISES LIMITED

- i. Certain financial assets and liabilities measured at fair value (refer Note - 2.21 accounting policy on financial instruments)
- ii. Net defined employee benefit assets / (liability) are measured at fair value of plan assets, less present value of defined benefit obligations.
- iii. Share based payment transactions are measured at fair value.

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Division II – Ind AS Schedule III to the Act. The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted

All other assets are classified as non-current.

- A liability is classified as current when:
- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period the Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

c) Presentation currency and rounding off.

The financial statements are presented in INR and all values are rounded to nearest lakhs (INR 00,000), except when otherwise indicated.

d) Uses of Estimates and judgments:

The preparation of standalone financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognised in the year in which the estimates are revised and in any future years affected. Refer Note 2.27 for detailed discussion on estimates and judgements. Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the standalone financial statements is included in the following notes:

- Useful lives of property, plant and equipment;
- Impairment;
- Financial instruments;
- Employee benefits;
- Provisions;
- Income taxes

2.2 Current and Non-Current Classification:

Current assets / liabilities include the current portion of non-current assets / liabilities respectively. All other assets /liabilities including deferred tax assets and liabilities are classified as non-current.

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the rendering of service and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

2.3 Property Plant and Equipment (Ind AS 16):

Items of property, plant and equipment are measured at historical cost

less accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, taxes (other than those subsequently recoverable from tax authorities), borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

“Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the year in which they are incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognized.”

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under ‘Capital work-in-progress’.

Depreciation methods, estimated useful lives:

Items of Property, Plant and Equipment are stated at cost less accumulated depreciation.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

VARIMAN GLOBAL ENTERPRISES LIMITED

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

Depreciation on the fixed assets has been provided based on useful lives as prescribed under part C of schedule II of the Companies act, 2013.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

S. No	Asset	Useful life (in Years)
1	Plant and Machinery	5-6
2	Electrical Installations	3-5
4	Computers	2-4
6	Servers & Networks	2-4
5	Office Equipment	2-5
6	Furniture & Fixtures	2-5
7	Vehicles	5-6

Depreciation on additions (disposals) is provided on a pro-rata basis i.e., from (upto) the date on which the asset is ready for use (disposed of).

2.4 Intangible assets (Ind AS 38):

Intangible assets are amortized over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate, and are treated as change in accounting estimates. The amortization expense on intangible assets with finite useful lives is recognized in profit or loss.

2.5 Investment in Subsidiaries

Investment in Subsidiaries are valued at cost. Dividend income from subsidiaries is recognised when its right to receive the dividend is established.

2.6 Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid within the normal trade cycle as per agreement. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

2.7 Effects of changes in foreign exchange rates (Ind AS 21):

During the financial year the company has not entered into any foreign exchange transactions. Hence this Ind AS does not have any financial impact on the financial statements of the company.

2.8 Impairment of non-financial assets/unlisted equity investments

The carrying amounts of the Company's tangible and intangible assets, including unlisted equity investments, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated in order to determine the extent of the impairment loss, if any.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash generating unit for which the estimates of future cash flows have not been adjusted. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets.

An impairment loss is recognized in the statement of profit or loss if the estimated recoverable amount of an asset or its cash generating unit is lower than its carrying amount. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been previously recognized.

2.9 Cash Flow Statement (Ind AS 7):

Cash flows are reported using the indirect method under Ind AS 7, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

- a. **Non-cash items:** Nil
- b. **Changes in Liability Arising from Financing Activity**

(Amount Rs in Lakhs)

Particulars	01-04-2024	Cash Flow - Incr. / (Decr)	31-03-2025
Current Borrowings	668.65	(668.65)	0
Non-current Borrowings	590.03	885.95	1475.98
Total	1258.68	217.30	1475.98

2.10 Capital Work in Progress

Capital Work in Progress (CWIP) includes Plant & Equipment under erection and Preoperative Expenditure pending allocation on the assets to be acquired/commissioned, capitalized. It also includes payments made towards technical know-how fee and for other General Administrative Expenses incurred for bringing the asset into existence.

2.11 Investments

Investments are classified as Non-Current and Current investments. Investments, which are readily realisable and are intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as non-current investments.

Current investments are carried at lower of cost and fair value. Non-Current Investments are carried at cost less provision for other than temporary diminution, if any, in value of such investments.

2.12 Borrowing Costs (Ind AS 23):

Borrowing costs that are attributable to the acquisition or construction of qualifying assets up to the date of capitalization of such asset are capitalized as part of the cost of such assets. All other borrowing costs are charged to the Statement of Profit and Loss.

2.13 Revenue Recognition (Ind AS 18-Revenues):

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

- Sales Revenue is recognized on dispatch to customers as per the terms of the order. Sales Revenue is net of returns and applicable trade discounts and excluding GST billed to the customers.
- Subsidy from Government is recognized when such subsidy has been earned by the company and it is reasonably certain that the ultimate collection will be made.
- Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.
- All other incomes are recognized based on the communications held with the parties and based on the certainty of the incomes.

2.14 Inventories (Ind AS 2):

Inventories at the year-end are valued as under:

Raw Materials, Packing Material, Components, Consumables and Stores & Spares	At Cost as per First in First out Method (FIFO)
Work in Progress and Finished goods	At lower of net realizable value and Cost of Materials plus Cost of Conversion and other costs incurred in bringing them to the present location and condition

- Cost of Material excludes duties and taxes which are subsequently recoverable.
- Stocks at Depots are inclusive of duty, wherever applicable, paid at the time of dispatch from Factories.

2.15 Retirement and other Employee Benefits (Ind AS 19):

The Company has an obligation towards gratuity, Post-retirement Medical Facility and Other Defined Retirement Benefit which are being considered as defined benefit plans covering eligible employees. Under the defined benefit plans, the amount that an employee will receive on retirement is defined by reference to the employee's length of service, final salary, and other defined parameters. The legal obligation for any benefits remains with the Company, even if plan assets for funding the defined benefit plan have been set aside.

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as expenditure, when an employee renders related service.

Gratuity liability is a defined benefit obligation and the cost of providing the benefits under this plan has not determined on the basis of actuarial valuation at each year-end. Further, the Company has not maintained a gratuity fund or made any provision for gratuity in its books, resulting in non-compliance with the prescribed accounting treatment for defined benefit plans.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short term employee benefit. The Company has not provided any provision for leave encashment.

2.16 Ind AS 116- Leases

The Company assesses whether a contract is or contains a lease at the inception of the contract. A contract is classified as a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

a) As a Lessee

The Company applies the single lease accounting model for all leases, except for:

Short-term leases (lease term of 12 months or less), and

Leases of low-value assets (such as small office equipment)

For these exempted leases, the Company recognises lease payments as an expense on a straight-line basis over the lease term.

For all other leases, the Company recognises a right-of-use (ROU) asset and a corresponding lease liability at the lease commencement date.

The ROU asset is initially measured at cost and subsequently depreciated on a straight-line basis over the shorter of the lease term or useful life of the asset. It is also adjusted for impairment losses, if any.

The lease liability is initially measured at the present value of future lease payments, discounted using the Company's incremental borrowing rate. Subsequently, it is measured at amortised cost using the effective interest method.

Lease liabilities are re-measured when there is a change in future lease payments arising from a change in an index or rate or a reassessment of the lease term. The corresponding adjustment is made to the carrying amount of the ROU asset.

b) Lease Term

The lease term includes the non-cancellable period of the lease and any periods covered by an option to extend or terminate the lease, if the Company is reasonably certain to exercise or not exercise those options.

c) Disclosure

The Company has applied the exemption available under Ind AS 116 for leases of low-value assets and leases with lease terms of 12 months or less.

These provisions are not applicable to the company therefore, such lease payments are not recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

2.17 Insurance Claims:

Insurance Claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.18 Earnings per Share (Ind AS 33):

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted

average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential ordinary shares.

2.19 Segment Reporting (Ind AS 108):

The Company is engaged in multiple lines of business, including the distribution of IT and IT-related goods and services, retail sale of toys, and apparels. These operations are carried out across different customer segments and distribution channels, supported by continuous market development and operational improvement initiatives.

In accordance with the requirements of Ind AS 108 – Operating Segments, the Company has identified and disclosed reportable segments. The segments are primarily based on the nature of products and services, the class of customers, and the risk-return profiles of each business activity.

Accordingly, segment reporting is applicable to the Company, and detailed disclosures have been provided in the notes forming part of the financial statements.

2.20 Provisions, Contingent Liabilities and Contingent Assets (Ind AS 37):

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company; or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognized nor disclosed. However, when realization of income is virtually certain, related asset is recognized.

2.21 Prior Period and Extraordinary and Exceptional Items:

- All Identifiable items of Income and Expenditure pertaining to prior period are accounted through "Prior Period Items".
- Extraordinary items are income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the enterprise and, therefore, are not expected to recur frequently or regularly. The nature and the amount of each extraordinary item be separately disclosed in the statement of profit and loss in a manner that its impact on current profit or loss can be perceived.
- Exceptional items are generally non-recurring items of income and expenses within profit or loss from ordinary activities, which are of such, nature or incidence.

2.22 Financial Instruments (Ind AS 107): Financial Instruments:

I. Financial assets:

A. Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

- **Financial assets carried at amortized cost (AC)**

A financial asset is measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Financial assets at fair value through profit or loss (FVTPL)**

A Financial asset which is not classified as AC or FVOCI are measured at FVTPL e.g. investments in mutual funds. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Statement of Profit and Loss within other gains/(losses) in the period in which it arises.

- **Financial assets at fair value through other comprehensive income (FVTOCI)**

A financial asset is measured at FVTOCI if it is held within a business model whose Objective is achieved by both collecting contractual cash

flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

B. Investments in subsidiaries

The Company has accounted for its investments in subsidiaries at cost and not adjusted to fair value at the end of each reporting period. Cost represents amount paid for acquisition of the said investments.

II. Financial Liabilities

A. Initial recognition

All financial liabilities are recognized at fair value.

B. Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments

2.23 Events Reporting Period (Ind AS-10)

An entity shall adjust the amounts recognized in its financial statements to reflect adjusting events after the reporting period.

2.24 Consolidated and Separate Financial Statement (Ind AS 27):

The company has two subsidiary companies for the current reporting period. Hence consolidated and separate financial statement are prepared as per the Ind AS 27.

2.25 Investments in Associates (Ind AS 28):

The company has not made any investments in any of its associates during the reporting period. This accounting standard has no financial impact on the financial statements for the current reporting period.

2.26 Interest in Joint Ventures (Ind AS 31)

The company has no interest in any Joint ventures. This accounting standard has no financial impact on the financial statements for the current reporting period.

2.27 Income Taxes (Ind AS 12)

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

- **Current Tax:**

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the year-end date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

- **Deferred Taxes:**

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.28 Related party (Ind AS 24)

Disclosures are made on related party relationships, transactions and outstanding balances, including commitments. Related parties are

identified by the Company in accordance with the requirements of Ind AS 24 and are disclosed in the Notes to Financial Statements.

Related party transactions are reflected in the notes to accounts forming part of financial statements.

2.29 Significant accounting judgements, estimates and assumptions

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

I. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the yearend date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Defined benefit plans gratuity benefits

The cost of the defined benefit plans such as gratuity are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each year end. The principal assumptions are the discount and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis.

(b) Share-based payments

Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them.

The Company does not have any share-based payment arrangements. Accordingly, this is not applicable.

2.30 Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) (Amendment) Rules, 2024:

- a) Ind AS 117 – Insurance Contracts, which replaces the interim Ind AS 104 and introduces comprehensive requirements on measurement and disclosures aligned with IFRS 17.
- b) Amendments are made to Ind AS 101, 103, 105, 107, 109, 115, 116 which are necessary to align them with the newly issued to reflect the issuance of Ind AS 117, including scope adjustments, transition provisions and disclosure enhancements.

These changes are effective for accounting periods beginning on or after 1 April 2024.

The Company has assessed their impact and concluded that, they have no material effect on the financial statements.

Independent Auditor's Report

To

The Members,

VARIMAN GLOBAL ENTERPRISES LIMITED

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2025, and its profit and its cash flows for the year ended on that date.

Report on the Consolidated Ind AS financial statements

We have audited the accompanying Consolidated Ind AS financial statements of VARIMAN GLOBAL ENTERPRISES LIMITED ('the Holding Company') formerly known as Spring Fields Infraventures Limited, and its subsidiaries (collectively referred to as "the Group") which comprise the consolidated Balance Sheet as at March 31st, 2025, the Statement of Profit and Loss (including other comprehensive income), the consolidated Statement of Cash Flows and the consolidated Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information (herein after referred to as "consolidated Ind AS financial statements")

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements for the year ended March 31, 2025. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

VARIMAN GLOBAL ENTERPRISES LIMITED

Assessed the Company's revenue recognition accounting policies are in compliance with Ind AS115 - Revenue from Contracts with Customers (IndAS 115). 2. Understood and evaluated the integrity of the general information and technology control environment and performed tests on mitigating manual controls as applicable. 3. Tested the design, implementation and operating effectiveness of relevant controls in respect of revenue recognition and measurement. 4. Performed substantive testing on test check basis and verified supporting documentation for revenue transactions recorded during the year which included sales invoices, customer contracts and bank statements; apart from that performed analytical procedures. 5. Evaluated contracts (on a test check basis) including management discussion with an objective to ascertain whether the same are onerous in nature. 6. Tested inter se reconciliations between relevant IT systems reports with general ledger, and performed verification of revenue recognized, deferred and unbilled revenue. 7. Assessed disclosures in the Financial Statements in respect of revenue, as specified in IndAS 115.

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, and cash flows and changes in Equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued there under. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of

the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Consolidated Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Consolidated Ind AS financial statements.

Other Matter

The accompanying consolidated financial statements include total assets of Rs. 9,856.69 Lakhs as at 31st March 2025, and total revenue from operations Rs. 10,862.46 Lakhs for the year ended on that date, in respect of 4 subsidiaries, which have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of such other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements above, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Annexure - A to the Independent Auditors' Report:**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of VARIMAN GLOBAL ENTERPRISES LIMITED ("the Company") as of 31st March 2025 in conjunction with our audit of the Consolidated Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial

controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The shares of the company are listed in Bombay Stock Exchange.

2. Basis of Preparation, Measurement and Significant Accounting policies

2.1 Basis of preparation and measurement

a. Basis of preparation and consolidation

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards (herein after referred to as the “Ind AS”) as notified by Ministry of Corporate affairs pursuant to section 133 of the Companies Act 2013 read with rule 3 of the Companies 9 Indian Accounting standards) Rules 2013 as amended from time to time.

The consolidated financial statements have been prepared in on accrual and going concern basis. The accounting policies are applied on consistently to all periods presented in the consolidated financial statements. All assets and liabilities have classified as current or non-current as per the Group’s normal operating cycle, paragraph 66 and 69 of Ind AS 1 and other criteria set out in the Division II of the Schedule III of the Companies Act 2013. Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities

Subsidiaries are entities where the group exercise control or hold more than one-half of its total share capital. The net assets and results of acquired businesses are included in the consolidated financial statements from their respective dates of acquisition, being the date on which the Group obtains control. The results of disposed businesses are included in the consolidated financial statements up to their date of disposal, being the date control ceases.

VARIMAN GLOBAL ENTERPRISES LIMITED

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The accounting policies adopted in the preparation of consolidated financial statements are consistent with those of previous year. The consolidated financial statements of the Company and its subsidiaries have been combined on a line- by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and the unrealized profits/losses, unless cost/revenue cannot be recovered.

The excess of cost to the Group of its investment in subsidiaries, on the acquisition dates over and above the Group's share of equity in the subsidiaries, is recognized as 'Goodwill on Consolidation' in the consolidated financial statements. The said Goodwill is not amortized, however, it is tested for impairment at each Balance Sheet date and the impairment loss, if any, is provided for. On the other hand, where the share of equity in subsidiaries as on the date of investment is in excess of cost of investments of the Group, it is recognized as 'Capital Reserve' and shown under the head 'Other Equity' in the consolidated financial statements.

Non-controlling interests in the net assets of consolidated subsidiaries is identified and presented in the consolidated Balance Sheet separately within equity.

Non-controlling interests in the net assets of consolidated subsidiaries consists of:

- (a) The amount of equity attributable to non- controlling interests at the date on which investment in a subsidiary is made; and
- (b) The non-controlling interests share of movements in equity since the date parent subsidiary relationship came into existence.

The profit/loss and other comprehensive income attributable to non-controlling interests of subsidiaries are shown separately in the consolidated statement of profit and loss and consolidated statement of changes in equity.

The consolidated financial statements are presented in INR, the functional currency of the Group. Items included in the consolidated financial statements of the Group are recorded using the currency of the primary economic environment in which the Group operates (the 'functional currency').

Transactions and balances with values below the rounding off norm adopted by the Group have been reflected as “0” in the relevant notes to these consolidated financial statements.

The consolidated financial statements of the Company for the year ended 31st March, 2025 were approved for issue in accordance with the resolution of the Board of Directors on 30-05-2025.

b. Basis of Measurement

These consolidated financial statements are prepared under the historical cost convention except for certain class of financial assets/liabilities, share based payments and net liability for defined benefit plans that are measured at fair value.

The consolidated IND AS financial statements comprise the financial statements of the Company and entities controlled by the entity and its subsidiaries. Control is achieved when the Group:

- Has power over the investee,
- Is exposure or rights to variable return from its involvement with the investee, and
- Has the ability to use its power over the investee to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the above three elements of control.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- Contractual arrangement with the other vote holders of the investee,
- Rights arising from other contractual arrangements,
- The Group’s voting rights and potential voting rights and
- Size of the Group’s holding of voting rights relative to the size and dispersion of holdings of other investees with voting rights.
- Any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders’ meetings.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary.

Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

If an entity of the Group uses accounting policies other than those adopted in the consolidated financial statements, for like transactions and other events in similar circumstances appropriate adjustments are made to that entity's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to the same reporting date as that of the Group, i.e., year ended on 31 March 2025.

Consolidation procedure followed is as under:

- Items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries are combined like to like basis. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date,
- The difference between carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary is subject to adjustment of goodwill and
- Intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group are eliminated subject to impact of deferred taxes. Profit or loss and each component of other comprehensive income (OCI) are attributable to equity holders of the parent of the Group and to the non-controlling interest, even if this results in the non-controlling interests having deficit balance.

A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction.

Associates:

Associates are entities over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognized at cost.

Joint ventures

Joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control. Investments in joint ventures are accounted for using the equity method, after initially being recognized at cost in the consolidated balance sheet.

Equity Method

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognize the Group's share of the post-acquisition profits or losses of the investee in statement of profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognized as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity. Such further losses are disclosed as part of Current Liabilities.

Unrealized gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the Accounting Policy.

2.2 Key Accounting Estimates and Judgments:

The preparation of consolidated financial statements requires management to make judgements, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgements based on historical experience and other factors, including expectations of future events that are believed to be reasonable. Revisions to accounting estimates are recognised prospectively.

Information about critical judgements in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are included in the following notes:

VARIMAN GLOBAL ENTERPRISES LIMITED

S. No	Name of the estimate	Note No	Remarks
1	Fair value of unlisted equity securities	3	Unlisted equity shares are held by the company carried at cost and no diminution in value.
2	Goodwill impairment	2.4	Goodwill of Rs. 316.30 Lakhs is carrying in the books of the company
3	Useful life of intangible asset	2.9	No intangible assets held by the company for the current financial year
4	Measurement of contingent liabilities and contingent purchase consideration in a business combination	NA	Contingent transactions are recognized based on happening contingent event. No contingent liabilities for the report
5	Deferred tax assets for carried forward tax losses	4	As per the Ind AS.12

2.3 Business Combination

The Company accounts for its business combinations under the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group to the former owners of the acquiree, and equity interests issued by the Group in exchange of control of the acquire. Acquisition related costs are generally recognized in profit or loss as incurred.

At the acquisition date, the identified assets acquired and the liabilities assumed are recognized at their fair value, except that:

- Deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognized and measured in accordance with Ind AS 12 Income Taxes and Ind AS 19 Employee benefits respectively;
- liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payment at the acquisition date; and
- Assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets held for sale and discontinued operations are measured in accordance with that Standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identified assets acquired and the liabilities assumed.

In case of a bargain purchase, before recognizing a gain in respect thereof, the Group determines whether there exists clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. Thereafter, the Group reassesses whether it has correctly identified all of the assets acquired and all of the liabilities that are identified in that reassessment. The Group then reviews the procedures used to measure the amounts that Ind AS requires for those purposes of calculating the bargain purchase. If the gain remains after this reassessment and review, the Group recognizes it in Other Comprehensive Income and accumulates the same in equity as capital reserve. This gain is attributable to the acquirer. If there does not exist clear evidence of the underlying assets for classifying the business combination as a bargain purchase, the Group recognizes the gain, after reassessing and reviewing (as described above), directly in equity as capital reserve.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of entity's net assets in the event of liquidation may be initially measured either at fair value or at non-controlling interests' proportionate share of recognised amounts of the acquiree's identified net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another Ind AS.

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill or capital reserve, as the case may be. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for changes in the fair value of contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as an asset or a liability is measured at fair value at subsequent reporting dates with the corresponding gain or loss being recognized in profit or loss. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and its subsequent settlement is accounted within equity.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is re-measured to its acquisition date fair value, and the resulting gain, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed of.

If the initial accounting for a business combination is complete by end of the reporting period in which combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provision amounts are adjusted during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date.

2.4 Goodwill

After initial recognition, goodwill arising on an acquisition of a business is measured at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or Groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognized directly in the Consolidated Statement of Profit and Loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

VARIMAN GLOBAL ENTERPRISES LIMITED

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

The Group's policy for goodwill arising on the acquisition of an associate and a joint venture is described in notes forming part of financial statements.

The Group discontinues the use of the equity method from the date when the investment ceases to be an associate or a joint venture, or when the investment is classified as held for sale.

When a Group entity transacts with an associate or a joint venture of the Group, profits and losses resulting from the transactions with the associate or joint venture are recognized in the Group's consolidated financial statements only to the extent of interests in the associate or joint venture that are not related to the Group.

2.5 Ind AS 105: Non-Current Assets held for Sale or Discontinued Operations:

S.no	Particulars of Disclosures	As at 31 st March 2025 (Rs.)	As at 31 st March 2024 (Rs.)
1	A Description of Non-Current Asset (Disposal group)	-	-
2	a description of the facts and circumstances of the sale, or leading to the expected disposal, and the expected manner and timing of that disposal	-	-
3	the gain or loss recognized in accordance with paragraphs 20– 22 and, if not separately presented in the statement of profit and loss, the caption in the statement of profit and loss that includes that gain or loss	-	-

2.6 Ind AS 106: Exploration for Evolution of Mineral resources: This Ind AS 106 not applicable, the company is in the business of distribution of HPMS division and EATON Power Solutions. Hence this Ind AS does not have any financial impact on the financial statements of the company.

2.7 Ind AS-16: Property, Plant and Equipment:

Items of Property, Plant and Equipment are stated at cost less accumulated depreciation.

VARIMAN GLOBAL ENTERPRISES LIMITED

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labor, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units).

Depreciation on the fixed assets has been provided based on useful lives as prescribed under part C of the schedule II of the Companies act, 2013.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

S. No	Asset	Useful life (in Years)
1	Plant and Machinery	5 to 6
2	Electrical Installations	3 to 5
4	Computers	2 to 4
6	Servers & Networks	2 to 4
5	Office Equipment	2 to 5
6	Furniture & Fixtures	2 to 5
7	Vehicles	5 to 6

Depreciation on additions (disposals) is provided on a pro-rata basis i.e., from (upto) the date on which asset is ready for use (disposed of).

2.8 Impairment Assets (Ind AS 36)

The Company's non-financial assets, other than deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

2.9 Intangible assets (Ind AS 38):

Intangible assets are amortized over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortization period or method, as appropriate, and are treated as change in accounting estimates. The amortization expense on intangible assets with finite useful lives is recognized in profit or loss.

There are no Intangible assets at the period ending.

2.10 Cash Flow Statement (Ind AS 7):

Cash flows are reported using the indirect method under Ind AS 7, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

a). **Non-cash items: Nil**

b). **Changes in Liability Arising from Financing Activity**

Particulars	01-Apr-24	Cash Flow	31-Mar-25
		Incr / (Decr)	
Current Borrowings	1282.46	(490.59)	791.87
Non-current Borrowings	1436.59	847.75	2284.33
Total			

2.11 Operating Cycle:

The Company has adopted its normal operating cycle as twelve months based on the nature of products and the time between the acquisition of assets for processing and their realization, for the purpose of current / non-current classification of assets and liabilities.

2.12 Capital Work in Progress

Capital Work in Progress (CWIP) includes Civil Works in Progress, Plant & Equipment under erection and Preoperative Expenditure pending allocation on the assets to be acquired/commissioned, capitalized. It also includes payments made towards technical know-how fee and for other General Administrative Expenses incurred for bringing the asset into existence.

2.13 Investments:

Investments are classified as Non-Current and Current investments.

Investments, which are readily realisable and are intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as non-current investments.

Current investments are carried at lower of cost and fair value. Non-Current Investments are carried at cost less provision for other than temporary diminution, if any, in value of such investments.

2.14 Effects of changes in foreign Rates (Ind AS 21):

Foreign currency transactions are recorded at the exchange rates prevailing on the dates when the relevant transactions took place. Exchange difference arising on settled foreign currency transactions during the year and translation of assets and liabilities at the yearend are recognized in the statement of profit and loss.

In respect of Forward contracts entered into to hedge risks associated with foreign currency fluctuation on its assets and liabilities, the premium or discount at the inception of the contract is amortized as income or expense over the period of contract. Any profit or loss arising on the cancellation or renewal of forward contracts is recognized as income or expense in the period in which such cancellation or renewal is made.

2.15 Borrowing Costs (Ind AS 23):

Borrowing costs that are attributable to the acquisition or construction of qualifying assets up to the date of capitalization of such asset are capitalized as part of the cost of such assets. All other borrowing costs are charged to the Statement of Profit and Loss.

2.16 Revenue Recognition (Ind AS 18-Revenues):

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

- a) Sales Revenue is recognized on dispatch to customers as per the terms of the order. Gross sales are net of returns and applicable trade discounts and excluding GST billed to the customers.
- b) Subsidy from Government is recognized when such subsidy has been earned by the company and it is reasonably certain that the ultimate collection will be made.
- c) Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

VARIMAN GLOBAL ENTERPRISES LIMITED

d) All other incomes are recognized based on the communications held with the parties and based on the certainty of the incomes.

2.17 Accounting for Government Grants and Disclosure of Government Assistance (Ind AS 20):

Government grants:

- a) Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attached to them and that the grants will be received.
- b) Government grants are recognised in the Statement of Profit and Loss on a systematic basis over the years in which the Company recognizes as expenses the related costs for which the grants are intended to compensate or when performance obligations are met.
- c) Government grants, whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets and nonmonetary grants are recognised and disclosed as 'deferred income' under non-current liability in the Balance Sheet and transferred to the Statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.
- d) The benefit of a government loan at a below-market rate of interest and effect of this favorable interest is treated as a government grant. The loan or assistance is initially recognized at fair value and the government grant is measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates and recognized to the income statement immediately on fulfillment of the performance obligations. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

2.18 Inventories (Ind AS 2):

Inventories at the year-end are valued as under:

Raw Materials, Packing Material, Components, Consumables and Stores & Spares	At Cost as per First in First Out Method (FIFO)
Work in Progress and Finished goods	At lower of net realizable value and Cost of Materials plus Cost of Conversion and other costs incurred in bringing them to the present location and condition.

- Cost of Material excludes duties and taxes which are subsequently recoverable.
- Stocks at Depots are inclusive of duty, wherever applicable, paid at the time of dispatch from Factories.

2.19 Trade Receivables – Doubtful debts:

Provision is made in the Accounts for Debts/Advances which is in the opinion of management are considered doubtful of recovery.

2.20 Retirement and other Employee Benefits:

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as expenditure, when an employee renders related service.

The Company has not conducted an actuarial valuation of the gratuity liability at the end of the reporting period, as required under Ind AS 19. The standard mandates that the defined benefit obligation be measured using the projected unit credit method, based on actuarial assumptions, at each reporting date. Failure to perform such actuarial valuation results in incorrect measurement and recognition of the gratuity liability and related expenses, leading to non-compliance with the recognition, measurement, and disclosure requirements of Ind AS 19.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short term employee benefit.

It has been noted that the Company is not complying with the requirements of Ind AS 19 in accounting for accumulated leave entitlements. The Company has not properly classified employee leave benefits between short-term and other long-term employee benefits based on the expected timing of their settlement. Additionally, for leave obligations expected to be settled beyond twelve months, the Company has not measured the liability using actuarial valuation as required by Ind AS 19. Furthermore, actuarial gains and losses arising from such valuation have not been recognized in the statement of profit and loss in the period in which they occur, as mandated by the standard.

2.21 Ind AS 116- Leases

The Company assesses whether a contract is or contains a lease at the inception of the contract. A contract is classified as a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

a) As a Lessee

The Company applies the single lease accounting model for all leases, except for:

Short-term leases (lease term of 12 months or less), and

Leases of low-value assets (such as small office equipment)

For these exempted leases, the Company recognises lease payments as an expense on a straight-line basis over the lease term. For all other leases, the Company recognises a right-of-use (ROU) asset and a corresponding lease liability at the lease commencement date. The ROU asset is initially measured at cost and subsequently depreciated on a straight-line basis over the shorter of the lease term or useful life of the asset. It is also adjusted for impairment losses, if any.

The lease liability is initially measured at the present value of future lease payments, discounted using the Company's incremental borrowing rate. Subsequently, it is measured at amortised cost using the effective interest method.

Lease liabilities are re-measured when there is a change in future lease payments arising from a change in an index or rate or a reassessment of the lease term. The corresponding adjustment is made to the carrying amount of the ROU asset.

b) Lease Term

The lease term includes the non-cancellable period of the lease and any periods covered by an option to extend or terminate the lease, if the Company is reasonably certain to exercise or not exercise those options.

c) Disclosure

The Company has applied the exemption available under Ind AS 116 for leases of low-value assets and leases with lease terms of 12 months or less.

These provisions are not applicable to the company therefore, such lease payments are not recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

2.22 Insurance Claims

Insurance Claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

2.23 Earnings per Share (Ind AS 33):

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.24 Provisions, Contingent Liabilities and Contingent Assets (Ind AS 37):

The Company recognized provisions when there is present obligation as a result of past event and it is probable that there will be an outflow of resources required to settle the obligation in respect of which a reliable estimate can be made. A disclosure for Contingent liabilities is made when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent assets are neither recognized nor disclosed in the financial statements.

2.25 Prior Period and Extraordinary and Exceptional Items:

- (i) All Identifiable items of Income and Expenditure pertaining to prior period are accounted through "Prior Period Items".
- (ii) Extraordinary items are income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the enterprise and, therefore, are not expected to recur frequently or regularly. The nature and the amount of each extraordinary item be separately disclosed in the statement of profit and loss in a manner that its impact on current profit or loss can be perceived.
- (iii) Exceptional items are generally non-recurring items of income and expenses within profit or loss from ordinary activities, which are of such, nature or incidence.

2.26 Financial Instruments (Ind AS 107 Financial Instruments: Disclosures)

I. Financial assets:

A. Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

a) financial assets carried at amortized cost (AC)

A financial asset is measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) financial assets at fair value through profit or loss (FVTPL)

A Financial asset which is not classified as AC or FVTOCI are measured at FVTPL e.g., investments in mutual funds. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Statement of Profit and Loss within other gains/(losses) in the period in which it arises.

c) financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose Objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

B. Investments in subsidiaries

The Company has accounted for its investments in subsidiaries at cost and not adjusted to fair value at the end of each reporting period. Cost represents amount paid for acquisition of the said investments.

II. Financial Liabilities

A. Initial recognition

All financial liabilities are recognized at fair value.

B. Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments

2.27 Operating Segments (Ind AS 108)

Operating segment is a component of an entity:

- a. That engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity).
- b. Whose operating results are regularly reviewed by the entity's chief operating decision maker to make decision about resources to be allocated to the segments and assess its performance, and
- c. For which discrete financial information is available.

The company is engaged in distribution of IT and IT related goods with services, Toys store sales, Apparells to clients and partners through aggressive market development and continuous improvement. Therefore, segment reporting is applicable.

2.28 Events After Reporting Period (Ind AS-10)

Events after the reporting period are those events, favorable and unfavorable, that occur between the end of the reporting and the date when the financial statements are approved by the Board of Directors in case of a company, and, by the corresponding approving authority in case of any other entity for issue. Two types of events can be identified:

- a. Those that provide evidence of conditions that existed at the end of reporting period (adjusting events after the reporting period);
- b. Those that are indicative of conditions that arose after the reporting period (non-adjusting events after the reporting period).

An entity shall adjust the amounts recognized in its financial statements to reflect adjusting events after the reporting period.

As per the information provided and Books of Accounts no such events are identified during the reporting period. Hence Ind AS 10 Events After the Reporting Period is not applicable.

2.29 Construction Contracts (Ind AS -11)

Construction contract is a contract specifically negotiated for the construction of an asset or a combination of assets that are closely interrelated or interdependent in terms of their design, technology, and function or their ultimate purpose or use.

The company is in the business of providing solutions through software development, IT Infrastructure solutions and distributing IT Hardware to clients and partners through aggressive market development and continuous improvement through agility, hence Ind AS -11 Construction Contract not applicable.

2.30 Income Taxes (Ind AS 12)

Tax Expense comprises of current and deferred tax.

- **Current Tax:**

Current Tax on Income is determined and provided on the basis of taxable income computed in accordance with the provisions of the Income Tax Act, 1961.

In the year in which 'Minimum Alternative Tax '(MAT) on book profits is applicable and paid, eligible MAT credit equal to the excess of MAT paid over and above the normally computed tax, is recognized as an asset to be carried forward for set off against regular tax liability when it is probable that future economic benefit will flow to the Company within the MAT credit Entitlement period as specified under the provisions of Income Tax Act, 1961.

- **Deferred Taxes:**

Deferred tax liabilities are recognized for all timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

2.31 Related party disclosures (Ind AS 24)

Disclosures are made on related party relationships, transactions and outstanding balances, including commitments. Related parties are identified by the Company in accordance with the requirements of Ind AS 24 and are disclosed in the Notes to Financial Statements.

Related party transactions are reflected in the notes to accounts forming part of financial statements.

2.32 Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) (Amendment) Rules, 2024:

- a) Ind AS 117 – Insurance Contracts, which replaces the interim Ind AS 104 and introduces comprehensive requirements on measurement and disclosures aligned with IFRS 17.
- b) Amendments are made to Ind AS 101, 103, 105, 107, 109, 115, 116 which are necessary to align them with the newly issued to reflect the issuance of Ind AS 117, including scope adjustments, transition provisions and disclosure enhancements.

These changes are effective for accounting periods beginning on or after 1 April 2024. The Company has assessed their impact and concluded that, they have no material effect on the financial statements.

taken by the management to minimize potential adverse effects and achieve greater predictability to earnings.

46. Credit Risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the company. The company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults.

The company makes an allowance for doubtful debts/advances using expected credit loss model.

47. Liquidity risk

Liquidity risk refers to the risk that the company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as pre requirements. The Company's exposure to liquidity risk is minimal as the promoters of the company is infusing the funds based on the requirements.
